PALI APPEALS TO HER SOUL

LOS ANGELES WOMAN SAW IT ON A PERFECT MORNING AND WAS ENTHRALLED WITH THIS TROPICAL VISION OF DELIGHT

Mrs. Harry Bea of the Los Angeles Builder and Contractor, describes the Pali as follows:

"Our trip to the Pali was, to some of us, almost like the opening of a new world.
"The morning was perfect; a thin veil of clouds only drifting along the mountain tops, adding a charm, in patches of sunshine and shadow on the green and red of hillside and valley vistas of flowing stream, waterfall, flowering ginger and fields of ti.
"The drive was up grade, along a smooth mountain road, past homes of modern style and tropical luxuriance of foliage, to near the summit, six miles from Honolulu, when we were struck dumb by one glimpse of the valley beyond. Then all was closed to us until by one grand turn in the road at the head of the pass, where the trade winds pour through and shimmer the atmosphere, the slight burst upon us in one glory of color grandeur and extent.
"Here from the edge of a cliff of historic interest, lies one complete panorama of beauty both in coloring of water, for which the islands are noted, the broken beauty of its shore line, here and there, surf and cove, islands and sandy beaches, from which extend a green valley to the mountains near us.
"Long enough to rest the horses—was so short a time to those of us who love nature so well and was only compensated by the return trip, a review of the best we had seen going up, and a fitting sequel to our first impressions."

AFTER ARMY GRAFTERS

Manila, P. I., Sept. 11.—It has been decided to try the officers suspected of graft in the Army shops in the civil courts instead of by courts-martial, as the statute of limitations can be pleaded in a military court, while in the civil courts, under the Spanish law, the period of limitation is fifteen years. The officers who are to be tried are Captains Friedland, Nugel, Cole and Kimball, all of the quarter-master's department. The report of Major General Wood, commanding the division, regarding the alleged pecuniary transactions of the officers in en route to Washington.

DELEGATES TO KANSAS CITY

GOVERNOR CARTER ASKED TO APPOINT TWENTY REPRESENTATIVES TO TRANS-MISSISSIPPI COMMERCIAL CONGRESS

September 4, 1906.
Hon. Geo. R. Carter, Governor, Honolulu, Hawaii.

My Dear Sir:—Enclosed herewith please find copy of the official call for the 17th annual session of the Trans-Mississippi Commercial Congress which will meet in Kansas City, November 20-23, inclusive.

You are authorized to appoint twenty delegates to represent Hawaii and I may add that the Executive Committee is especially anxious that you should attend the Congress in person, if at all consistent with your other public engagements and official duties, and participate in the discussion of important questions which will be considered at this year's session.

Secretary A. F. Francis of Denver has established headquarters for the Congress at 1114 Grand Avenue, this city, and will promptly furnish any desired information.
The commercial bodies of Kansas City have organized a local committee on arrangements for the purpose of doing what is necessary in preparing for the comfort and entertainment of the city's visitors on that occasion. Yours respectfully,

FRED W. FLEMING,
Chairman Executive Committee.

The above letter was received yesterday by Governor Carter from the chairman of the executive committee of the Trans-Mississippi Commercial Congress. The Congress will be composed of from ten to twenty delegates from each State and Territory, and appointed by the Governor thereof. All subjects of interest to the States west of the Mississippi will be carefully discussed with the exception of those which have to do with politics. "Irrigation" will be a subject which will be taken up that is of great interest to Hawaii as well as "Harbor Improvement," "Merchant Marine," "Oriental Trade," "Irrigation," "Forestry," and "Drainage of Public Lands."

COMMUNICATION.

Editor Evening Bulletin:—Referring to the criticisms in your issue of the Bulletin of August 24, 1906, regarding the towing equipment of the Manning in connection with her work on the stranded steamer Manchuria, may I ask that you publish this letter, as you no doubt desire the facts in the matter to be understood, the statement appearing in your paper being incorrect in a number of particulars.
Revenue cutters are not equipped as wrecking vessels, but render such assistance to ships in distress as they are able to perform in connection with their regular duties.
You are further advised that none of the requisitions of the officers of the Manning for hawsers or other material for the relief of distressed vessels has been disallowed by this Department.
Very truly yours,
WORTH E. ROSS,
Captain, U. S. R. C. S., Chief of Division.

CHEAPEST AND BEST IS

Ruberoid Roofing

Tin, iron or shingles will not last as long as Ruberoid, which is, moreover, much less expensive. Ruberoid obviates the danger of rust, rot and corrosion. Does not require painting when applied. Costs little or nothing to keep in repair. Briefly, it is the most economical roofing made.
